## Terms of Use

The terms of use for this study can be found at:  
<http://www.icpsr.umich.edu/web/ICPSR/studies/38417/terms>

## Information about Copyrighted Content

Some instruments administered for studies archived with ICPSR may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE  
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

## ICPSR PROCESSING NOTES FOR #38417

*National Couples' Health and Time Study (NCHAT), United States, 2020-2021  
DS 4: Restricted-Use Main Respondent Time Diary Data*

1. **Restricted-Use:** This data collection may not be used for any purpose other than statistical reporting and analysis. Use of these data to learn the identity of any person or establishment is prohibited. To protect respondent privacy, this data collection is restricted from general dissemination. To obtain this file, researchers must agree to the terms and conditions of a Restricted Data Use Agreement in accordance with existing ICPSR servicing policies.
2. **Confidentiality/Disclosure Risk:** In order to protect respondent anonymity and prevent disclosure risk, ICPSR recoded many of the variables within the data. The disclosive information has been replaced with "MASKED BY ICPSR".
3. **Truncated Variable Label:** Due to statistical limitations, the variable label for the variable **Q24** is truncated in the data. Please refer to the P.I. documentation for full variable labels.
4. **Truncated Value Labels:** Due to statistical limitations, the value label for value 3 in variables **Q1A** and **Q1**, and the value label for value 4 in **Q6** are truncated in the data. Please refer to the P.I. documentation for full value labels.
5. **Symbols Present in the Data:** There are several variables in the data that include symbols such as '\${e://Field/HM3}'. These symbols refer to response options that were displayed based on the household members associated.
6. **Variable Explanations:** Several variables in the data have field references in the variable label. For example, the variable **Q7\_1\_1** has the label of "Who was there while you were [Field-3]?". These field references are referring to previous responses in the survey. For example, Field-1 and Field-3 are responses which were selected from **Q1**.
7. **Additional Information:** For additional information on the National Couples' Health and Time Study (NCHAT), please visit the [National Couples' Health and Time Study \(NCHAT\)](#) website.

## **National Couples' Health and Time Study (NCHAT), United States, 2020-2021**

### **Variable Description**

Summary statistics (minimum, maximum, arithmetic mean, median, mode, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

# Restricted-Use Main Respondent Time Diary Data

---

## RESPONSEID: Unique ID - different for each survey record

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 1-17 (width: 17; decimal: 0)

*Variable Type:* character

---

## MATCH\_ID: Respondent identifier (matches primary respondent to partner)

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 18-36 (width: 19; decimal: 0)

*Variable Type:* character

---

## RESP\_TYPE: Respondent type - primary or partner

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 37-43 (width: 7; decimal: 0)

*Variable Type:* character

---

## TD\_REC\_TYPE: Time diary record type

Value	Label	Unweighted Frequency	%
1	Bookend survey data	-	-
2	Loop activity data	-	-

Based upon 29,116 valid cases out of 29,116 total cases.

- Minimum: 1.00
- Maximum: 2.00

*Location:* 44-44 (width: 1; decimal: 0)

*Variable Type:* numeric

---

## STARTDATE: Date of interview - start

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 45-55 (width: 11; decimal: 0)

*Variable Type:* character

---

## ENDDATE: Date of interview - end

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 56-66 (width: 11; decimal: 0)

*Variable Type:* character

---

## USERLANGUAGE: User Language - EN=English, ES=Spanish

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 67-68 (width: 2; decimal: 0)

Variable Type: character

---

**CONSENT: Your participation in this study is completely voluntary and confidential. If there is any question that you don't want to answer, you may skip it and go on to the next question. You can end the study at any time**

Value	Label	Unweighted Frequency	%
1	OK	-	-
2	Opt out	-	-
	<b>Missing Data</b>		
-	-	-	-

Based upon 1,932 valid cases out of 29,116 total cases.

- Minimum: 1.00
- Maximum: 1.00

Location: 69-69 (width: 1; decimal: 0)

Variable Type: numeric

---

### **Q100: Including yourself, how many people live in your household?**

Q100. Including yourself, how many people live in your household?

Value	Label	Unweighted Frequency	%
1	1 (I am the only person in the household)	-	-
2	2	-	-
3	3	-	-
4	4	-	-
5	5	-	-
6	6	-	-
7	7	-	-
8	8	-	-
9	9	-	-
10	10	-	-
11	11	-	-
12	12	-	-
13	13	-	-
14	14	-	-
15	15 or more	-	-
	<b>Missing Data</b>		
-	-	-	-

Based upon 1,932 valid cases out of 29,116 total cases.

- Minimum: 1.00
- Maximum: 12.00

*Location:* 70-71 (width: 2; decimal: 0)

*Variable Type:* numeric

---

## CONF\_Q100: You said there are [QID111-ChoiceGroup-SelectedChoices] people, including yourself, living in your household. Is this correct?

CONFQ100. You said there are <RESPONSE FROM Q100> people, including yourself, living in your household. Is this correct?

Value	Label	Unweighted Frequency	%
1	Yes	-	-
2	No	-	-
	<b>Missing Data</b>		
	-	-	-

Based upon 1,932 valid cases out of 29,116 total cases.

- Minimum: 1.00
- Maximum: 1.00

*Location:* 72-72 (width: 1; decimal: 0)

*Variable Type:* numeric

---

## Q100A: What are your initials?

Q100A. What are your initials?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 73-87 (width: 15; decimal: 0)

*Variable Type:* character

---

## HH2: What are the initials of household member #2?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH2. What are the initials for household member #2?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 88-102 (width: 15; decimal: 0)

*Variable Type:* character

---

## HH3: What are the initials of household member #3?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH3. What are the initials for household member #3?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 103-117 (width: 15; decimal: 0)

*Variable Type:* character

---

## HH4: What are the initials of household member #4?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH4. What are the initials for household member #4?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 118-132 (width: 15; decimal: 0)

*Variable Type:* character

---

## **HH5: What are the initials of household member #5?**

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH5. What are the initials for household member #5?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 133-147 (width: 15; decimal: 0)

*Variable Type:* character

---

## **HH6: What are the initials of household member #6?**

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH6. What are the initials for household member #6?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 148-162 (width: 15; decimal: 0)

*Variable Type:* character

---

## **HH7: What are the initials of household member #7?**

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH7. What are the initials for household member #7?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 163-177 (width: 15; decimal: 0)

*Variable Type:* character

---

## **HH8: What are the initials of household member #8?**

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH8. What are the initials for household member #8?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 178-192 (width: 15; decimal: 0)

*Variable Type:* character

---

## **HH9: What are the initials of household member #9?**

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH9. What are the initials for household member #9?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 193-207 (width: 15; decimal: 0)

*Variable Type:* character

---

## **HH10: What are the initials of household member #10?**

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH10. What are the initials for household member #10?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 208-222 (width: 15; decimal: 0)

*Variable Type:* character

---

## HH11: What are the initials of household member #11?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH11. What are the initials for household member #11?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 223-237 (width: 15; decimal: 0)

*Variable Type:* character

---

## HH12: What are the initials of household member #12?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH12. What are the initials for household member #12?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 238-252 (width: 15; decimal: 0)

*Variable Type:* character

---

## HH13: What are the initials of household member #13?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH13. What are the initials for household member #13?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 253-253 (width: 1; decimal: 0)

*Variable Type:* character

---

## HH14: What are the initials of household member #14?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH14. What are the initials for household member #14?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 254-254 (width: 1; decimal: 0)

*Variable Type:* character

---

## HH15: What are the initials of household member #15?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HH15. What are the initials for household member #15?

Based upon 29,116 valid cases out of 29,116 total cases.

*Location:* 255-255 (width: 1; decimal: 0)

*Variable Type:* character

---

## HHI2: Which of the following best describes your relationship with [QID115-ChoiceTextEntryValue]?

[FOR NUMBER OF HOUSEHOLDS MEMBERS MINUS ONE (Q100-1)] HHI2. Which of the following best describes your relationship with [INSERT INITIALS FROM HH1-14]?

Value	Label	Unweighted Frequency	%
1	My spouse/wife/husband	-	-
2	My partner/boyfriend/girlfriend	-	-
3	My biological child	-	-
